## President's Corner

**Jim Trotman**

Hey, Ho, One party rule must go!! Only dumb-o-crat rule would consider concealed carry part of trap & skeet shooting. What could be more un-safe than having a bunch of clays enthusiasts walking to their vehicles to unlock their shotguns from their locked "plastic, fire-proof case". They then proceed to the trap & skeet fields with a firearm, hopefully in a safe manner, (action open, unloaded, etc.) and conduct a round that has a lower score than my Winter League team... All kidding aside, the 13 pages of un-constitutional jibber-jabber known as the "Concealed Carry Improvement Act", should be force fed to the Albany scumbags that don't believe in the checks & balances of our Great Nation.

A vote is a personal act, please vote wisely. Most importantly, VOTE!!

I cannot compliment enough the Monday evening Work Party Crew. Come on out and support YOUR Club.

A good time is had by all. I am your humble bartender most Mondays; it's my privilege to serve the hard-working members a CCB\*. (\*cool, cool beverage).

For the members that feel I'm too political in these letters: "Please join a club that caters to a ruling party that supports wiping one's feet on the U.S. Constitution". Most everything we do at TSC is firearm related. If you object to this, please look in the mirror to see a true hypocrite. A far-left gun club...

Speaking of elections, October is the time for Board nominations. 36 meetings, paid with CCB's (see above), a one in fourteen shot at a really good parking spot, & a chance to serve your Club. It's not easy but is rewarding for the dedicated. "Wink, wink, nod, nod, I hear the President's slot is open. The ultimate parking spot!"

I truly hope the nonsensical poop cock known as the CCIA is dropped like a momentous cow pie on every wiener's head that voted for it.

## Safety at TSC

It is each member's responsibility for shooting safely. If you see something, say something. If you're hunting, merely stating "safety on?" after someone shoots, is good common sense. Correcting a newcomer at any range will create safer surroundings for all. Be nice, we all were new to shooting sports at one time. Helping another shooter practice safe firearm procedures is win-win. This is OUR Club, therefore ALL member's need to be aware of their surroundings, whether eating, shooting or walking to their vehicle. If you're new to firearms, please ask for assistance, someone is always happy to help.

Remember, there is no "ego" in safety. A smart shooter is always learning. A "know it all" is usually the one to do something stupid, with a lame excuse that can never undo an unsafe act. We are all human and we will make mistakes, but if we watch out for each other, we can prevent mistakes from happening.

Safety never sleeps.

# HUNTING ON TSC PROPERTY

All Hunting on TSC property is for members only. No guests are allowed to Hunt - Deer, Turkey, Rabbit, Goose, Duck, etc. You can Hunt anywhere on TSC property – marked in “RED” on the TSC map. For permission for a youth Hunter to join you, contact the Board of Directors.

**Exception: Pheasant hunting (during morning hunt hours on Saturday and Sunday only – if you are a guest of a “351” Member and has permission of the “351” coordinator). This is allowed due to the additional fees involved in Pheasant hunting.**

Many of our maps are broken into “Zones” (for Pheasant hunting purposes). Some old maps show a Zone #10 (right / east of the Zone #9 fields which previously was leased) which is not TSC property.

**\*\* See latest map on TSC Website \*\***

## Notes:

- 1) Members are NOT allowed to use personal ATV’s or Snow Mobiles on TSC property.
- 2) “351” will not release Pheasants in Zones 6+7 (North of the Railroad Bed) during Deer Bow and Shot Gun season (so minimal Pheasant Hunters will be in those fields throughout the Deer Bow and Shot Gun season thus leaving it more pleasurable to Deer Hunt in that area).
- 3) You MUST be a Member of TSC AND the “351” Pheasant program to hunt Pheasants on our property.

# Proper shooting locations for all Guns at TSC

## Shot Gun Patterning Board: (Shotguns ONLY)

The Shotgun Patterning Board is located to the left of Skeet Field #1. The Patterning board can help Trap or Skeet Shooters find their guns “point of Impact”. This is important in finding where your guns shot pattern is relative to the clay target. You should grease the steel plate face and then place a spent (used) shotgun shell on the center peg to aim at. There is Grease and a roller for your use located behind the board. Then, stand approximately even with the back side of Trap house #1. Shoot 2 or 3 rounds at the spent shell. If your pattern is high or low or too far left or right, you can adjust the comb or vent rib, and retry your shot. Hopefully, this will result in more shot reaching the clay target. Please remember to use short brass with 7-1/2 to 9 shot size and lead shot only.

**NO Steel shot, Deer Slugs, Rifles or Pistols are allowed.**

\*\*\*\*\*

## Shot Gun Home Defense Gun Board: (Shotguns only)

**Currently CLOSED until further notice**

Next to the Steel Patterning Board is a 4’ x 4’ plywood board (usually covered by cardboard) to learn use of your home defense gun. Staple or tape your target to the cardboard. Then, stand approximately even with the back side of Trap house #1 to Shoot. Please remember to use short brass with 7-1/2 to 9 shot size only.

**No Deer Slugs, Rifles or Pistols are allowed.**

# RANGE RENTALS AT TSC

Range Rentals to Federal Agencies are a major part of TSC's income and subsidize a portion of our membership dues.

**Note: Normally the Agency will not stay all day. Very often they are gone by 1-2pm. If they are gone the Range is OPEN for Member use.**

**Range Rental criteria:**

- ⊕ The number of Rental days on the Outdoor Pistol Range to Agencies is currently unlimited. An adjustment is being studied to strike a balance between our funding requirements and the availability of the range for our membership.
- ★ When the outdoor pistol range is rented, members with access may use the indoor pistol range.

⊕ In rare events the Rifle Range maybe also be rented. The allowable number of Rental days is (25) per Calendar Year on the Rifle Range. Once those are used up, the Agency must use an open day on the Pistol Range, or the Rental request would be denied.

- ★ We try to schedule all Rentals on the Pistol Range 1st and the Rifle Range is used as overflow. This allows our Members who want to shoot Pistol and Rifle to have an open outdoor range.
- ★ In these situations, we recommend Pistol shooters to leverage the Indoor Pistol Range.
- ★ Typically, when you see a Rental on the Rifle Range, it will be for several days by the same Federal Agency to do their qualifying all in one week.
