## President's Corner

Marc Poleon

Time flies when you're having fun, yet another month has gone by. I'm happy to report that although some damage is still occurring in the pistol range it has been greatly reduced since last month. In my presidency and in my personal life I truly believe that transparency is always the best option. If there is ever a scenario at the club where you are unsure, please stop, ask someone for clarification and pass the information along. If you didn't know it yourself there is a good chance someone else might not know it.

I would like to take a moment to thank all those that come to the work parties, it is a thankless job, so thank you. For those that have not been to one, please feel free to join us on Monday nights, many hands make light work. It may not seem like a lot but most of the things the work party gets done would otherwise have to be contracted out. Our large volunteer base keeps club operational costs down, so again, thank you.

Which is a great segue into finances and operational cost. The shotgun committee has been working hard and developing plans to not only improve the equipment and quality of our current shooting disciplines but add more. Keep an eye out for some new Skeet machines and we are looking into the possible development of a 5-stand field.

One way anyone can be involved in the club, join a committee. Our committees meet on their own and draft ideas and send them to the board. If there is something around the club you want changed, I'm sure there is a committee for that. As I have and will continue to say we have almost a thousand members but maybe only a tenth of that is actively involved members (committees, work party, fundraising and events). It's your club, help make it better and have a hand on the wheel for the future of this club.

I have tried to keep the President's letter focused about the club and to inform you about various avenues or happenings of the club. This month I have learned a great bit about one aspect of our club, 351. Although I am a trap shooter, I will be going out with the 351 club to try my hand at a none clay target. For those of you that may not know 351 organizes, runs, and funds all the "bird hunting" at our club.

#### President's Corner (con't)

As I have been a member going on six years, I have only known of the 351 as the guys that go out and hunt birds, I have also heard a lot of rumors or maybe opinions is a better word for it. What I have learned this month is that not only are we one of the few places that offer such an experience, but the 351 club is our clubs only self financed aspect of the club. Which is why I believe it has been the talk of the town, I can assure you both as your president and a man of my word I have personally looked into all aspects of 351 and have found that the only thing wrong was my personal lack of knowledge. It has been my experience as a general member, then a board member, and now your president, that most of the negativity around our club comes from misunderstanding or not knowing. I encourage everyone to learn as much as you can about everything our club has to offer, and I think the best way to do that is to be involved. Please lean on me, your board members, and each other. We are a community, and we need to lean on each other from the basics of asking simple questions, to the next generation and future of the club.

As always it is a privilege to call my self your president.  
Marc Poleon

# Safety at TSC

It is each members responsibility for shooting safely. If you see something, say something. If you're hunting, merely stating "safety on?" after someone shoots, is good common sense.

Correcting a newcomer at any range will create safer surroundings for all. Be nice, we all were new to shooting sports at one time. Helping another shooter practice safe firearm procedures is win-win.

This is OUR Club, therefore ALL members need to be aware of their surroundings, whether eating, shooting or walking to their vehicle. If you're new to firearms, please ask for assistance, someone is always happy to help.

Remember, there is no "ego" in safety. A smart shooter is always learning. A "know it all" is usually the one to do something stupid, with a lame excuse that can never undo an unsafe act.

We are all human and we will make mistakes, but if we watch out for each other, we can prevent mistakes from happening.

Safety never sleeps.  
The Board

## Club Resources

Stop here for Club Rules and Policies

Stop here to catch-up on what is happening at your Club

Stop here to see what is in the Club Library, Borrow a book or Contribute a book

### TSC Library

Increase your knowledge! Borrow a book from our library located near the shoot room door.

Our free library has valuable and entertaining information about shooting sports, gun safety, maintenance, hunting, collecting and everything relating to the outdoors.

The shoot room is always accepting books which you may wish to donate.

Much thanks to our librarian Greg Metzger.

**We have expanded our club "library".**

**Please feel free to donate any books or informational resources you have on .hunting, fishing, firearms and conservation. Hard cover and/or softcover books accepted.**

## HUNTING ON TSC PROPERTY

All hunting on TSC property is for members only. No guests are allowed to hunt - Deer, Turkey, Rabbit, Goose, Duck, etc. You can hunt anywhere on TSC property – marked in “RED” on the TSC map. For permission for a youth hunter to join you, contact the Board of Directors.

**Exception: Pheasant hunting (during morning hunt hours on Saturday and Sunday only – if you are a guest of a “351” member and has the permission of the “351” coordinator), this is allowed due to the additional fees involved in Pheasant hunting.**

Many of our maps are broken into “Zones” (for Pheasant hunting purposes). Some old maps show a Zone #10 (right / east of the Zone #9 fields which previously was leased) which is not TSC property.

**\*\* See latest map on TSC Website \*\***

### Notes:

- ❖ Members are NOT allowed to use personal ATV's or Snow Mobiles on TSC property.
- ❖ “351” will not release Pheasants in Zones 6 & 7 (North of the Railroad Bed) during Deer Bow and Shot Gun season (so minimal Pheasant Hunters will be in those fields throughout the Deer Bow and Shot Gun season thus leaving it more pleasurable to Deer Hunt in that area).
- ❖ You MUST be a Member of TSC & the “351” Pheasant program to hunt Pheasants on our property.

\*\*\*\*\*

## Deer hunting/tree stand policy

All tree stands must be manufactured. No homemade or wood constructed stands allowed. Stands cannot be installed until **Sept 1st** and must be removed by **Jan 5th** each season.

A safety harness MUST be used in/on all stands (ladder, hang on & climbers), no exceptions. Members must have their name & phone number attached to any stands installed on Club property.

## Proper shooting locations for all Guns at TSC

### Shot Gun Patterning Board (Shotguns ONLY)

The Shotgun Patterning Board is located to the left of Field #1. The Patterning board can help Trap or Skeet Shooters find their guns “point of impact”.

This is important in finding where your gun's shot pattern is relative to the clay target. You should grease the steel plate face and then place a spent (used) shotgun shell on the center peg to aim at. There is grease and a roller for your use located behind the board.

Stand approximately even with the back side of Skeet house #1. Shoot 2 or 3 rounds at the spent shell. If your pattern is high or low or too far left or right, you can adjust the comb or vent rib, and retry your shot. Hopefully, this will result in more shot reaching the clay target. Please remember to use short brass with 7 ½ to 9 shot size and lead shot only.

**No Steel Shot, Deer Slugs, Rifles or Pistols are  
allowed**

\*\*\*\*\*

### Shot Gun Home Defense Gun Board

**Permanently Removed**

The Outdoor Pistol Range Stations 1 & 2 can be used for Shotgun. All members that have completed the Outdoor Pistol Range training can use these stations for shotgun.

\*\*\*\*\*

### RECLAIMED LEAD SHOT FOR SALE

Mixed: 7-1/2, 8 & 9 shot  
\$30 for (50) Lb.

Limited Quantity Available  
Contact: Jim Trottman

## Outdoor Rifle Range

- All Shooting must take place from the bench under the shelter at fixed distances with no portable stands. Shoot only at targets in your lane. Cross-lane shooting prohibited.
  - (10) Rifle Stations: Only long guns and Carbines can be shot on these stations. Shotguns with deer slugs only.
  - (2) Pistol Stations: Only Pistol Calibers and Rimfire can be used on these stations.

## Indoor Pistol Range

- Access to range is granted only after attending the indoor range safety course
- All rules of the indoor range will be covered in the safety course, all attendees are required to fire and hit a 12' target 5 out of 5 times at 20'.

## Outdoor Pistol Range

- Shooters using the target frames must be on the same line.
- Bring 24" x 18" to 24" cardboard with you, down to the frames to staple or tape your target onto and place into the target frame.
- If you wish to have a table to set equipment on, bring your own.
- Only Pistol Calibers and Rimfire can be used on this Range. See rule book for specifics.

Please see complete list of all rules posted inside club near the shoot room.

## Trap/Skeet & Sporting Clay Course

- Field/Sporting shotguns only with 7 ½ to 9 shot size.

## MANDATORY PISTOL & RIFLE RANGE SAFETY CLASS

In order to use the Indoor/Outdoor Pistol or Rifle Range, you must take the **MANDATORY** Safety Course for that range. Upon completion of the course, you will be issued a **YELLOW** lanyard for the outdoor pistol range, a **BLUE** lanyard for the rifle range or a key fob for the indoor range.

An E-blast will be sent each week with class dates & times for the following week.

The classes **WILL NOT** be listed on the Sportscaster or Website.

### Safety Class Process

# RANGE RENTALS AT TSC

Range Rentals to Federal Agencies is a part of TSC's income and subsidize a portion of our expenses.

Normally the Agency will not stay all day. Very often they are gone by 1-2 pm. If they are gone the Range is open for Member use.

Range Rental Contact: [range.rental@tonsportsclub.com](mailto:range.rental@tonsportsclub.com)

Range Rental criteria:

- The number of Rental days on the Outdoor Pistol Range to Agencies is currently unlimited. An adjustment is being studied to strike a balance between our funding requirements and the availability of the range for our members.

In rare events the Rifle Range maybe also be rented. The allowable number of Rental days is (25) per calendar year on the Rifle Range. Once those are used up, the agency must use an open day on the Pistol Range, or the rental request would be denied.

We try to schedule all rentals on the Pistol Range 1st and the Rifle Range is used as overflow. This allows our members who want to shoot Pistol and Rifle to have an open outdoor range. In these situations, we recommend pistol shooters to leverage the Indoor Pistol Range.

Typically, when you see a rental on the Rifle Range, it will be for several days by the same Federal Agency to do their qualifying all in one week.
