Don't miss out on all that is happening at The Tonawandas Sportsmen's Club!

President's Page

Michael Chotkowski, President
President@TonSportsClub.com

Hello TSC members!

It's been busy, with lots of things happening around the Club. Come to the general meeting on Thursday, April 3 at 7 PM to find out more.

I'm making changes in the Clubhouse. I have the Board's support in this. It already has people talking. Bad and good. Change is hard. The birds don't fly the same way all the time.

The seedlings will be in around the end of April. We will need help planting them around the property: at the outdoor range, by the 351 bird pen, in front of the Clubhouse and near the rifle range.

It was nice to have a full house for the gun raffle. Thanks for the support! BIG THANKS to all the volunteers who helped make it happen.

Winter has hopefully passed. We need more volunteers to help clean up around the property. Clean up paper and other debris in front by the street. Come clean up any time. Be your own work party. Beautify our neighborhood.

Come find out what's happening around the club: Thursday, April 3 at 7 pm. See you there!

Trap Shooting

In trap shooting, shooters stand in a line or in individual shooting stations arranged in a semicircle. The shooting stations are usually positioned at different angles from a central trap house.

In each round, shooters take turns calling for a target, and the trap machine randomly releases a clay target, sending it flying away from the trap house.

The objective is to break or shatter the clay target with a shotgun blast. Shooters are scored based on how many targets they hit out of the total number attempted.

Skeet Shooting

Skeet shooting is typically done on a designated field with two trap houses, one high house and one low house. There are eight shooting stations arranged in a semicircle between these two houses.

In skeet shooting, targets are thrown from both the high and low houses in a specific pattern, with one high and one low target released simultaneously at different points along the field.

Shooters move between the stations in a predetermined order, taking shots at the targets as they fly across the field.

The objective is to break both the high and low targets for each station. Skeet shooting is known for its challenging crossing shots and requires quick target acquisition and accuracy.

What is Sporting Clays?

Sporting clays is a dynamic and versatile form of clay target shooting that simulates various hunting scenarios. Participants move through a course, set in a natural outdoor environment, where clay targets are launched in a variety of trajectories, speeds, and angles to mimic the flight patterns of game birds and the paths of ground rabbits. The benefits of sporting clays are numerous.

Firstly, it offers a highly realistic and challenging shooting experience, allowing participants to practice their shooting skills in scenarios that closely resemble actual hunting situations. This makes it an excellent training tool for hunters looking to improve their accuracy and effectiveness in the field.

Secondly, sporting clays fosters mental acuity, as shooters must quickly adapt to changing target presentations, enhancing their cognitive skills.

Lastly, the sport encourages outdoor activity and provides an opportunity for individuals to connect with nature while enjoying a recreational pursuit.

Overall, sporting clays is not only a fantastic way to refine shooting abilities but also a rewarding outdoor pastime that promotes physical and mental well-being.

Range Safety Classes

Prior to using any of the Club's ranges, you must take the MANDATORY Safety Course for that range.

A separate MANDATORY Safety Course is offered for each of the three ranges:

- Rifle Range (RR)
- Outdoor Range (OUT)
- Indoor Range (IN)

Upon completion of the Rifle Range (RR) course, you will be issued a BLUE lanyard.

Upon completion of the Outdoor Range (OUT) course, you will be issued a YELLOW lanyard.

Upon completion of the Indoor Range (IN) course, you will be issued a key FOB for range access.

An e-mail will be sent each week with class dates & times for the following week. After receiving this e-mail and deciding on a training date:

1. Go to TonSportsClub.com > "Information Center" > "Club Procedures, Range Rules & Safety Notices"
2. Pull down and read through the rules for each course you will be attending.
3. E-mail Ranges@TonSportsClub.com with your name and the date you will attend the class.
4. Take the class, sign the paperwork & receive your lanyard or key fob.

Safety at TSC

It is each members responsibility for shooting safely. If you see something, say something. If you're hunting, merely asking "safety on?" after someone shoots is good common sense.

Correcting a newcomer at any range will create safer surroundings for all. Be nice; we all were new to shooting sports at one time. Helping another shooter practice safe firearm procedures is win-win.

This is OUR Club; therefore, ALL members need to be aware of their surroundings; whether eating, shooting, or walking to your vehicle. If you're new to firearms, please ask for assistance, someone is always happy to help.

Remember, there is no "ego" in safety. A smart shooter is always learning.

A "know it all" is usually the one to do something stupid, with a lame excuse that can never undo an unsafe act.

We are all human and we will make mistakes; but if we watch out for each other, we can prevent mistakes from happening.

Safety never sleeps.

ALWAYS

keep the gun pointed in a safe direction.

ALWAYS

keep your finger off the trigger until ready to shoot.

ALWAYS

keep the gun unloaded until ready to use.

When Using or Storing a Gun, Always Follow These NRA Rules:

- Know your target and what is beyond.
- Be sure the gun is safe to operate.
- Wear eye and ear protection as appropriate.
- Store guns so they are not accessible to unauthorized persons.
- Know how to use the gun safely.
- Use only the correct ammunition for your gun.
- Never use alcohol or drugs before or while shooting.
- Be aware that certain types of guns and many shooting activities require additional safety precautions.

TSC Library

Increase your knowledge! Borrow a book from our library located near the main entrance.

Our free library has valuable and entertaining information about shooting sports, gun safety, maintenance, hunting, collecting, and everything relating to the outdoors.

Please feel free to donate any books or informational resources you have on hunting, fishing, firearms, and conservation.

Hardcover and softcover books accepted.

Much thanks to our librarian:
Greg Metzger

Your feedback is wanted to improve our library and educational resources.

Range Rental Information

Range Rentals are a part of TSC's income and subsidize a portion of our expenses.

We try to schedule all rentals on the Outdoor Range (OUT) first.

The Rifle Range (RR) is used as overflow. This allows Club members who want to shoot pistol or rifle to have an open outdoor range.

Range Rental Contact: Range.Rental@TonSportsClub.com

The Outdoor Range will be
CLOSED from 3 PM on Thursday, July 24 until 3 PM on Sunday, July 27
 for the WNYPPPL Eastern Lakes Sectional Championship.
 The Indoor Range and Rifle Range will remain open and available for Members.
