Don't miss out on all that is happening at The Tonawandas Sportsmen's Club!

President's Page

Michael Chotkowski, President

President@TonSportsClub.com

Hi everyone. The world is always changing. This month's Sportscaster we have changed or added something; want to give more information, not just advertisements and range activities.

We all shoot. Need to take pride in the club. Work party needs help with the grounds. Summer is coming, the whole property could use some care. Take some time, any time at your convenience to pick up some garbage. (paper, bottles, sticks) around the grounds. From the outdoor range to sporting clays. Help the volunteers who cut the lawn, easier to cut.

Everybody has ideas. We need more storage for our stuff when we come and shoot. If you have been in the club house, you might have seen some changes when you come in. Hooks for gun bags and more shelf space to put gun boxes. More change to come.

I like to thank the guys from 351 who helped plant the seedlings. Help is always needed. There are some people who do things on their own time. Not everyone can be at work party at 3:30 PM on a Monday. It's your club, help make it better.

Below is a list of things that can be done any time you have some time:

1. In front of the building by the street, closer to the bird pen. Pick up sticks and throw them out. Not into the wooded area.
2. Outdoor pistol range., close to the street. Pick up sticks. Pile in a pile. Not in the woods.
3. Garbage. Outdoor range, Trap and skeet field, Rifle range.
4. Sporting Clays. Clean up shotgun shells. Will need a rake, gloves, garbage bags or put shells in barrel at each station.
5. New conveyor on rifle range. Things need to replace it. Cordless drill.
6. Pick up debris near the ditch. The length of the property. Need garbage bags.

Let's beautify the neighborhood! Your help is needed. Stay safe. Shoot straight.

From the Vice-President

Duane (Jake) Jacobs, Vice-President

Vice.President@TonSportsClub.com

As we continue to grow and improve our Club for the benefit of the members and guests, we are coordinating with the committees to make it better than it was before. Yes, there is work to do everywhere; and as always, many hands make light work! If you would like to volunteer for one of the committees, please contact a board member.

Some of the current projects underway include the shotgun committee working to improve the shooting experience for our members and guests. We are in the process of replacing outdated equipment on the trap fields with a new state-of-the-art digital trap voice release system and controls. We intend to have the 5-stand field operational by the end of May (weather permitting).

Planned improvements to the Sporting Clays field include the addition of 2 stations which would make it a 10-station course. This change would allow guests the option to shoot a 50 or 75 round course. We have a Sporting Clays League starting May 17th & a summer Wobble League starting June 4th. Come shoot the leagues or just come out to shoot and have fun. Wacky Wednesdays will be returning this summer.

I will be coordinating the 2026 Lottery Calendars this year and sponsorship opportunities are available. Let me know if you are interested! If you have an idea or want to see something change talk to a Board Member!

As always, we welcome your feedback and suggestions.

Thank you,
Duane (Jake) Jacobs - Vice President

Get Involved!

Volunteering with The Tonawandas Sportsmen's Club

In an increasingly fast-paced world, the desire to make a meaningful impact can often feel like a daunting challenge. However, one of the most accessible and rewarding ways to contribute to your Club is through volunteering. Whether you're passionate about education, environmental conservation, shooting sports, or just have time to spare, there's likely a way to get more involved with The Tonawandas Sportsmen's Club (TSC).

Volunteering isn't just about donating your time; it's about sharing your skills, energy, and compassion to help others. For many, it's also a chance to connect with like-minded individuals, develop new talents, and gain valuable experience.

You don't need to have special skills or lots of free time to make a difference. All you need is the desire to help. Whether you can give a few hours a month or dedicate several days a week, there's an opportunity for you.

Below is contact information for various committees at The Tonawandas Sportsmen's Club.

 and available to work:

Wednesdays 5 PM – 9 PM
 Saturdays 10 AM – 4 PM
 Sundays 10 AM – 4 PM

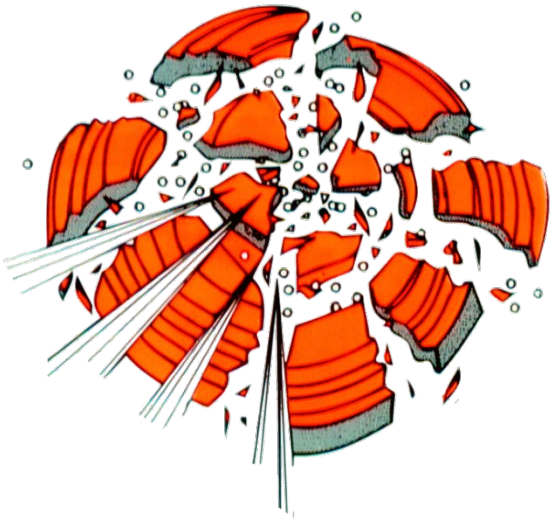

See **Jake** in the
 Shoot Room for more info

What is Wobble Trap?

A wobbler is a motorized accessory designed to augment clay pigeon throwers. It is stationary, but oscillates on both horizontal and vertical axes; hence the name "Wobble." The shooter calls for the clay to be thrown and it could come from the trap at any angle. Its primary function is to automatically and randomly change the position of each target, ensuring that no two presentations are the same.

Trap Shooting

In trap shooting, shooters stand in a line or in individual shooting stations arranged in a semicircle. The shooting stations are usually positioned at different angles from a central trap house.

In each round, shooters take turns calling for a target, and the trap machine randomly releases a clay target, sending it flying away from the trap house.

The objective is to break or shatter the clay target with a shotgun blast. Shooters are scored based on how many targets they hit out of the total number attempted.

Skeet Shooting

Skeet shooting is typically done on a designated field with two trap houses, one high house and one low house. There are eight shooting stations arranged in a semicircle between these two houses.

In skeet shooting, targets are thrown from both the high and low houses in a specific pattern, with one high and one low target released simultaneously at different points along the field.

Shooters move between the stations in a predetermined order, taking shots at the targets as they fly across the field.

The objective is to break both the high and low targets for each station. Skeet shooting is known for its challenging crossing shots and requires quick target acquisition and accuracy.

What is Sporting Clays?

Sporting clays is a dynamic and versatile form of clay target shooting that simulates various hunting scenarios. Participants move through a course, set in a natural outdoor environment, where clay targets are launched in a variety of trajectories, speeds, and angles to mimic the flight patterns of game birds and the paths of ground rabbits. The benefits of sporting clays are numerous.

Firstly, it offers a highly realistic and challenging shooting experience, allowing participants to practice their shooting skills in scenarios that closely resemble actual hunting situations. This makes it an excellent training tool for hunters looking to improve their accuracy and effectiveness in the field.

Secondly, sporting clays fosters mental acuity, as shooters must quickly adapt to changing target presentations, enhancing their cognitive skills.

Lastly, the sport encourages outdoor activity and provides an opportunity for individuals to connect with nature while enjoying a recreational pursuit.

Overall, sporting clays is not only a fantastic way to refine shooting abilities but also a rewarding outdoor pastime that promotes physical and mental well-being.

WNY Outdoor Pistol League

Western New York Outdoor Pistol League WNYOPL

See Page 25 for 2025 Schedule

Sign-Up at 8:30 AM, Match begins at 9 AM

The 1st match is a .22 match. The 2nd match is an open caliber centerfire match.

A competitor may elect to fire .22 caliber during the centerfire match, but not vice versa.

Each match is a 30-round match (also known as a National Match Course or NMC), fired in stages. The stages are slow, timed, and rapid.

The slow-fire target is 10 shots over 10 minutes, shot at a target a 50-yards. The timed-fire stage is 5 shots over 20 seconds, fired twice at 25-yards. The rapid-fire stage is 5 shots over 10 seconds, fired twice, at 25-yards.

Each target is worth 100 points and the match is worth 300 points.

Contact **Bob Metro** for more information:
BMetro3@GMail.com

Range Rules & Safety

Rifle Range (RR)

- All Shooting must take place from the bench under the shelter at fixed distances with no portable stands.
- Shoot only at targets in your lane. Cross-lane shooting prohibited.
- (10) Rifle Stations: Only long guns and Carbines can be shot at these stations.
Shotguns with deer slugs only.
- (2) Pistol Stations: Only Pistol Calibers and Rimfire can be used at these stations.

Outdoor Range (OUT)

- Shooters using the target frames must be on the same line.
- Bring 24" x 18" to 24" cardboard with you, down to the frames to staple or tape your target onto and place into the target frame.
- If you wish to have a table to set equipment on, bring your own.
- Only Pistol Calibers and Rimfire can be used on this Range.
- Please see the complete list of rules posted inside the Club near the Shoot Room.

Indoor Range (IN)

- Access to range is granted only after attending the indoor range safety course.
- All rules of the indoor range will be covered in the safety course; all attendees are required to fire and hit a 12" target 5 out of 5 times at 20'.

Trap, Skeet, Sporting Clays

- Field/Sporting shotguns only with 7 ½ to 9 shot size.
- Lead ammo only; NO steel shot.
- While trap shooting with a semi-automatic shotgun, a shell catcher or rubber band MUST be used!

For complete range rule books, go to:

<https://tonsportsclub.com/club-procedures-range-rules-safety-notice>

Range Safety Classes

Prior to using any of the Club's ranges, you must take the MANDATORY Safety Course for that range.

A separate MANDATORY Safety Course is offered for each of the three ranges:

- Rifle Range (RR)
- Outdoor Range (OUT)
- Indoor Range (IN)

Upon completion of the Rifle Range (RR) course, you will be issued a BLUE lanyard.

Upon completion of the Outdoor Range (OUT) course, you will be issued a YELLOW lanyard.

Upon completion of the Indoor Range (IN) course, you will be issued a key FOB for range access.

Next range safety class for all ranges: Thursday, May 8 at 7 PM

Registration required: Ranges@TonSportsClub.com

Pistol or 22 rifle, ammo, eye and hearing protection required.
\$15 cash only for range fob.

An e-mail will be sent each week with class dates & times for the following week. After receiving this e-mail and deciding on a training date:

1. Go to TonSportsClub.com > "Information Center" > "Club Procedures, Range Rules & Safety Notices"
2. Pull down and read through the rules for each course you will be attending.
3. E-mail Ranges@TonSportsClub.com with your name and the date you will attend the class.
4. Take the class, sign the paperwork & receive your lanyard or key fob.

Questions? E-Mail: Ranges@TonSportsClub.com

Safety at TSC

It is each members responsibility for shooting safely. If you see something, say something. If you're hunting, merely asking "safety on?" after someone shoots is good common sense.

Correcting a newcomer at any range will create safer surroundings for all. Be nice; we all were new to shooting sports at one time. Helping another shooter practice safe firearm procedures is win-win.

This is OUR Club; therefore, ALL members need to be aware of their surroundings; whether eating, shooting, or walking to your vehicle. If you're new to firearms, please ask for assistance, someone is always happy to help.

Remember, there is no "ego" in safety. A smart shooter is always learning.

A "know it all" is usually the one to do something stupid, with a lame excuse that can never undo an unsafe act.

We are all human and we will make mistakes; but if we watch out for each other, we can prevent mistakes from happening.

Safety never sleeps.

1.

ALWAYS

keep the gun pointed in a safe direction.

2.

ALWAYS

keep your finger off the trigger until ready to shoot.

3.

ALWAYS

keep the gun unloaded until ready to use.

When Using or Storing a Gun, Always Follow These NRA Rules:

- Know your target and what is beyond.
- Be sure the gun is safe to operate.
- Wear eye and ear protection as appropriate.
- Store guns so they are not accessible to unauthorized persons.
- Know how to use the gun safely.
- Use only the correct ammunition for your gun.
- Never use alcohol or drugs before or while shooting.
- Be aware that certain types of guns and many shooting activities require additional safety precautions.

TSC Library

Increase your knowledge! Borrow a book from our library located near the main entrance.

Our free library has valuable and entertaining information about shooting sports, gun safety, maintenance, hunting, collecting, and everything relating to the outdoors.

Please feel free to donate any books or informational resources you have on hunting, fishing, firearms, and conservation.

Hardcover and softcover books accepted.

Much thanks to our librarian:
Greg Metzger

Range Hours for TSC Members

Indoor Range (IN)

8 AM – 9:45 PM daily

Outdoor Range & Rifle Range (OUT & RR)

Mon – Fri: 9 AM – 8:59 PM or dark (whichever is first)

Sat & Sun: 10 AM – 8:59 PM or dark (whichever is first)

Range Rental Information

Range Rentals are a part of TSC's income and subsidize a portion of our expenses.

We try to schedule all rentals on the Outdoor Range (OUT) first.

The Rifle Range (RR) is used as overflow. This allows Club members who want to shoot pistols or rifles to have an open outdoor range.

Range Rental Contact: Range.Rental@TonSportsClub.com

The Outdoor Range will be
CLOSED from 3 PM on Thursday, July 24 until 3 PM on Sunday, July 27
 for the WNYPPPL Eastern Lakes Sectional Championship.
 The Indoor Range and Rifle Range will remain open and available for Members.
