Greetings,

I hope this letter finds you well. As we look ahead to the coming months, I would like to extend our sincere appreciation for your continued support. Your commitment forms the foundation of our club, and together we have made significant progress toward our shared goals.

We encourage you to remain engaged and to share your ideas, as your insight is invaluable to our ongoing growth. Please watch for upcoming events, opportunities, and announcements—there is much to look forward to, and we are excited about what lies ahead.

Thank you once again for being an essential part of our organization. Should you have any questions or suggestions, please feel free to contact us at [president@tonsportsclub.com](mailto:president@tonsportsclub.com).

We are always grateful for volunteers and additional support.

Sincerely,

Mike

# Meet your Board

## Rachel Wilde

Hey Fellow Members,

Since being elected to the Board in January, I've been looking forward to getting to know more of our 800+ members. I've been a member here at TSC for years, but for those I haven't had the chance to meet in the club or on the range yet, I wanted to share a bit about my background and why I'm excited to serve.

I've been shooting for ten years, though things really stepped up in 2017 when I started hitting the major match circuit. Since then, I've earned four Master classifications and a few records—most notably, I'm a two-time Steel Challenge World Champion. I'm lucky enough to shoot for Team Steel Target Paint and am supported by several great sponsors, including Vortex Optics, JP Rifles, ELEY Ammunition, and Hunters HD Gold.

When I'm not on the road for a match, I'm usually right here at TSC. As a Range Officer, I try to stay well-rounded and involved in as many club activities as possible—from Monday Steel Challenge practices and Paper Fun to our monthly Women's group. I'm a big believer in coaching and helping new shooters get comfortable behind the trigger.

Outside of the gun world, my professional background is in Human Resources. I ran for the Board on the idea of bringing that "real world" experience to our club's leadership. I believe that a mix of competitive experience, safety-first RO habits, and professional HR perspective will help me serve you all effectively.

I'm honored to be on the Board and ready to put my experience to work for us. If you see me at the club or an activity, please come say hello. I'm looking forward to a great year with all of you.

Rachel Wilde

## Trap Shooting

In trap shooting, shooters stand in a line or in individual shooting stations arranged in a semicircle. The shooting stations are usually positioned at different angles from a central trap house.

In each round, shooters take turns calling for a target, and the trap machine randomly releases a clay target, sending it flying away from the trap house.

The objective is to break or shatter the clay target with a shotgun blast. Shooters are scored based on how many targets they hit out of the total number attempted.

## Skeet Shooting

Skeet shooting is typically done on a designated field with two trap houses, one high house and one low house. There are eight shooting stations arranged in a semicircle between these two houses.

In skeet shooting, targets are thrown from both the high and low houses in a specific pattern, with one high and one low target released simultaneously at different points along the field.

Shooters move between the stations in a predetermined order, taking shots at the targets as they fly across the field.

The objective is to break both the high and low targets for each station. Skeet shooting is known for its challenging crossing shots and requires quick target acquisition and accuracy.

# Winter League Update

## Winter League FYI

**Don't let your team down!  
13 scores must be posted  
by Sunday March 1st.**

**Due to the weather, the League scores have been extended an extra week. Check the League Scoreboard for the latest standings!**

# 5-Stand

Join the fun!

Temporarily Closed

Until May due to the Winter League

5-Stand combines the core aspects of skeet, sporting clays and trap shooting.

Clay-target launchers are strategically positioned around five shooting stations, or stands. The launchers throw clay birds from the front, back and both sides of the shooter.

During a game of 5-Stand, shooters are presented five targets at each station for a total of 25 targets.

After shooting at a station's five targets, the shooter then moves on to the next station.

Contact the Shoot Room for more information.

## 5-Stand @ TSC

Give your rifles a rest, grab a shotgun and shoot a round of 5-Stand!

# “351” Pheasant Hunting Program

**All I can say is WOW!!! Thank you everyone for your support during our return to Fish Fry's!**

Following many requests to bring back Fish Fry's, I am happy to report that with no advertising, we were able to serve 64 Fish Fry's on Ash Wednesday and served another 125 meals on Friday 2/20! Important to note; 100 of those were Fish Fry's! We did not take reservations or do "official" take out on our first week.

The text messages, emails, and Facebook posts spoke volumes to the success of our staff on providing an exceptional dining experience to all that attended! Were there mistakes – yes, did anyone other than the affected person know? Absolutely not! I wish I could share every note/comment received, but will paraphrase two – *"Hey, Fish was perfect. So was the table service. We will be out again!"* Second one – *"I want you and your team to know I have had Fish Fry's in a lot of places over the years, and this is one of the best. Everything was perfect and delicious."*

I am thankful for everyone's support, patience, and feedback! I want everyone to know that I am very proud of our staff for accepting the challenge, meeting and exceeding the goals, and working diligently to make this a success for everyone. They have openly stated they want to work the extra day and have received all feedback and are working towards improving your next visit!

We plan to start taking reservations and will limit the hours for takeout on Friday's from 4 pm until 7 pm. That is similar to what others in the area are doing. Will we stay open if it's busy – ABSOLUTELY!!

As always, I am available for your feedback, suggestions and ideas. We have several specials planned for upcoming Wednesdays and Fridays. From all of us, to all of you we sincerely appreciate your support and patronage!

Best,

Colleen Jacobs

# TSC Library

Increase your knowledge! Borrow a book from our library located near the main entrance.

Our free library has valuable and entertaining information about shooting sports, gun safety, maintenance, hunting, collecting, and everything relating to the outdoors.

Please feel free to donate any books or informational resources you have on hunting, fishing, firearms, and conservation.

Hardcover and softcover books accepted.

Much thanks to our librarian:  
**Greg Metzger**

# Tree Stand Policy

All tree stands must be manufactured. No homemade or wood constructed stands allowed. Stands cannot be installed until August 15<sup>th</sup> and must be removed by April 1<sup>st</sup> each season. A safety harness **MUST** be used in all stands (ladder, hang on & climbers) no exceptions. Members must have their name & phone number attached to any stands installed on Club property.

Stands not compliant with the above will be removed by the TSC Board of Directors.

# Hunting on TSC Property

Revised: 8/22/2025

All Hunting on TSC property is for members only. No guests are allowed to Hunt - Deer, Turkey, Rabbit, Goose, Duck, etc. You can Hunt anywhere on TSC property – marked in “RED” on the TSC map. For permission for a youth Hunter to join you, contact the Board of Directors. Exception: Pheasant hunting (during morning hunt hours on Saturday and Sunday only – if you are a guest of a “351” Member and have permission of the “351” coordinator). This is allowed due to the additional fees involved in Pheasant hunting and the ability to purchase an unlimited number of Birds.

Many of our maps are broken into “Zones” (for Pheasant hunting purposes). Some old maps show a Zone #10 (right /East of the Zone #9 field which previously was leased) which is not TSC property. Hunting in Zone #10 is NOT allowed.

\*\* See latest map on TSC Website \*\*

<https://tonsportsclub.com/club-procedures-range-rules-safety-notice/>

Notes:

1. Members are NOT allowed to use personal ATV's or Snow Mobiles on TSC property.
2. You must sign up on the clip board mounted to the side of the building (in the parking lot) every time you enter TSC property to hunt.
3. The “Old Railroad Tracks (Town path)” is Town property. You cannot have a loaded Gun on Town property. If you are going from our South side ditch to our North side ditch of the Town path (or vice versa), you must unload your Gun and it must remain unloaded until you exit Town property.
4. Big Game hunting with a Rifle is NOT allowed on TSC property.
5. If you have a Deer stand near our South ditch or North ditch (which has the Town Path between them), you can NOT shoot across the path.
6. For opening week of Deer shotgun season, “351” will not release Birds or Hunt.
7. For other weeks of Deer season: “351” will not release Pheasants in Zones 6+7 (North of the Town path) during Deer Bow and Shot Gun season (so minimal Pheasant Hunters will be in those fields throughout the Deer Bow and shotgun season thus leaving it more pleasurable to Deer Hunt in that area).
8. You MUST be a Member of TSC AND the “351” Pheasant program to hunt Pheasants on our property.

# Range Rules & Safety

## Rifle Range (RR)

- All Shooting must take place from the bench under the shelter at fixed distances with no portable stands.
- Shoot only at targets in your lane. Cross-lane shooting prohibited.
- (10) Rifle Stations: Only long guns and Carbines can be shot at these stations.  
Shotguns with deer slugs only.
- (2) Pistol Stations: Only Pistol Calibers and Rimfire can be used at these stations.

## Outdoor Range (OUT)

- Shooters using the target frames must be on the same line.
- Bring 24" x 18" to 24" cardboard with you, down to the frames to staple or tape your target onto and place into the target frame.
- If you wish to have a table to set equipment on, bring your own.
- Only Pistol Calibers and Rimfire can be used on this Range.
- Please see the complete list of rules posted inside the Club near the Shoot Room.

## Indoor Range (IN)

- Access to range is granted only after attending the indoor range safety course.
- All rules of the indoor range will be covered in the safety course; all attendees are required to fire and hit a 12" target 5 out of 5 times at 20'.

## Trap, Skeet, Sporting Clays

- Field/Sporting shotguns only with 7 ½ to 9 shot size.
- Lead ammo only; NO steel shot.
- While trap shooting with a semi-automatic shotgun, a shell catcher or rubber band MUST be used!

# Safety at TSC

It is each members responsibility for shooting safely. If you see something, say something. If you're hunting, merely asking "safety on?" after someone shoots is good common sense.

Correcting a newcomer at any range will create safer surroundings for all. Be nice; we all were new to shooting sports at one time. Helping another shooter practice safe firearm procedures is win-win.

This is OUR Club; therefore, ALL members need to be aware of their surroundings; whether eating, shooting, or walking to your vehicle. If you're new to firearms, please ask for assistance, someone is always happy to help.

Remember, there is no "ego" in safety. A smart shooter is always learning.

A "know it all" is usually the one to do something stupid, with a lame excuse that can never undo an unsafe act.

We are all human and we will make mistakes; but if we watch out for each other, we can prevent mistakes from happening.

Safety never sleeps.

## ALWAYS

**keep the gun pointed in a safe direction.**

## ALWAYS

**keep your finger off the trigger until ready to shoot.**

## ALWAYS

**keep the gun unloaded until ready to use.**

### When Using or Storing a Gun, Always Follow These NRA Rules:

- Know your target and what is beyond.
- Be sure the gun is safe to operate.
- Wear eye and ear protection as appropriate.
- Store guns so they are not accessible to unauthorized persons.
- Know how to use the gun safely.
- Use only the correct ammunition for your gun.
- Never use alcohol or drugs before or while shooting.
- Be aware that certain types of guns and many shooting activities require additional safety precautions.

# Range Hours for TSC Members

## Indoor Range (IN)

8 AM – 9:45 PM daily

## Outdoor Range & Rifle Range (OUT & RR)

Mon – Fri: 9 AM – 8:59 PM or dark (whichever is first)

Sat & Sun: 10 AM – 8:59 PM or dark (whichever is first)

Prior to using any of the Club's ranges, you must take the MANDATORY Safety Course for that range. For information on the next range safety class contact:

[Ranges@TonSportsClub.com](mailto:Ranges@TonSportsClub.com)

**Rifle Range will be closed Wednesdays during 5-Stand operation, from 5 PM Wednesday until 9 AM Thursday morning.**

**Contact the Shoot Room for more information.**

# Range Rental Information

Range Rentals are a part of TSC's income and subsidize a portion of our expenses.

We try to schedule all rentals on the Outdoor Range (OUT) first.

The Rifle Range (RR) is used as overflow. This allows Club members who want to shoot pistols or rifles to have an open outdoor range.
