Hello everyone.

Board Member Sign-Up -

We would like to remind all members that there is a sign-up sheet available by the shooting area for those interested in becoming a board member. If you would like to get more involved with the club, please add your name to the sheet.

Assistance Needed for Camera System Upgrade

The club is always seeking volunteers to help with various tasks. At this time, we specifically need assistance running wires to upgrade the failing camera system in both the clubhouse and the rifle range. All necessary materials are already on hand; we simply need members who are willing to lend a hand to complete the project. Some knowledge is helpful.

New range sign in sheet. Please note for the Indoor and Outdoor Pistol Ranges. We are asking for your member number. This can be found on your picture ID card. Rifle range will be updated soon. In the mean time add it to the comment section.

Help is needed to get more conveyor belt for the indoor range and rifle. It's free. But we have to pick it up, cut it into manageable sizes and get it on a truck or trailer. Man power is needed as this is not light. This has to be planned to get it. The conveyor is in a big pile. It's free. This can be done during the week or on a Saturday. Please reach out to me at president@tonsportsclub.com with your availability.

Meet Your Board

Kevin Tremblett

Hello all,

I am Kevin Tremblett, and you will find me on the Trap fields most of the time, but I also like shooting Skeet and Sporting Clays as well as being a huge hunter. Besides shooting trap, I am the chair for the Buildings and Grounds at TSC.

Well spring is here and it's been a wet one. But it won't stop the work party from maintaining the TSC grounds. We welcome all skill levels to come out and meet some of your fellow members and pitch in, there is always something new going on.

When is it? Great question - Every Monday 3:30ish until the tasks are complete. Can't do Mondays but want to help we can arrange that, just reach out.

Thanks Kevin Tremblett

Shootroom

Trap Shooting

In trap shooting, shooters stand in a line or in individual shooting stations arranged in a semicircle. The shooting stations are usually positioned at different angles from a central trap house.

In each round, shooters take turns calling for a target, and the trap machine randomly releases a clay target, sending it flying away from the trap house.

The objective is to break or shatter the clay target with a shotgun blast. Shooters are scored based on how many targets they hit out of the total number attempted.

Skeet Shooting

Skeet shooting is typically done on a designated field with two trap houses, one high house and one low house. There are eight shooting stations arranged in a semicircle between these two houses.

In skeet shooting, targets are thrown from both the high and low houses in a specific pattern, with one high and one low target released simultaneously at different points along the field.

Shooters move between the stations in a predetermined order, taking shots at the targets as they fly across the field.

The objective is to break both the high and low targets for each station. Skeet shooting is known for its challenging crossing shots and requires quick target acquisition and accuracy.

WNYOPL Schedule

FROM THE KITCHEN/BAR:

As Spring approaches, I am looking forward to new growth, longer sunny days, a whole lot less rain, and blooming flowers just like everyone else. Saying it was a long winter is an understatement!!! We all need some sunshine, fresh air and some bullets flying!!!

If I'm completely honest, our Friday night numbers are not where they need to be following Lent and I am hopeful that word of mouth will improve those numbers sooner than later. If you've enjoyed a dinner with us, please spread the word. Not everyone knows that we are OPEN TO THE PUBLIC, with dinner service on Fridays 4 – 8 pm.

The kitchen team is continuing to learn and receives feedback almost daily. I am very proud to lead this team, and am enjoying the laughter, teasing, and camaraderie that was missing!! If you are lucky enough to know them, you understand their unique personalities and the passion each one brings. While serving the membership/public has its challenges, each one of them returns for their next shift ready to serve you. (They are planning a team photo – stay tuned!!!)

IF you haven't joined us for a Friday Fish Fry / Dinner yet, please do! Important to note, our specials change weekly, our soups are homemade, most specials are made in house, and the bartender knows what most of you drink without ordering. Can't wait to see you soon!

Best,
Colleen Jacobs
