## Trap Shooting

In trap shooting, shooters stand in a line or in individual shooting stations arranged in a semicircle. The shooting stations are usually positioned at different angles from a central trap house.

In each round, shooters take turns calling for a target, and the trap machine randomly releases a clay target, sending it flying away from the trap house.

The objective is to break or shatter the clay target with a shotgun blast. Shooters are scored based on how many targets they hit out of the total number attempted.

## Skeet Shooting

Skeet shooting is typically done on a designated field with two trap houses, one high house and one low house. There are eight shooting stations arranged in a semicircle between these two houses.

In skeet shooting, targets are thrown from both the high and low houses in a specific pattern, with one high and one low target released simultaneously at different points along the field.

Shooters move between the stations in a predetermined order, taking shots at the targets as they fly across the field.

The objective is to break both the high and low targets for each station. Skeet shooting is known for its challenging crossing shots and requires quick target acquisition and accuracy.

DURING A GAME OF 5-STAND, SHOOTERS ARE PRESENTED FIVE TARGETS AT EACH STATION FOR A TOTAL OF 25 TARGETS.

AFTER SHOOTING AT A STATION'S FIVE TARGETS, THE SHOOTER THEN MOVES ON TO THE NEXT STATION.

# Kitchen & Bar

FROM THE KITCHEN/BAR:

Hello all!  
Summer is here! Summer is here! We made it! Hopefully everyone is enjoying the nice days when we have them and enjoying the rain a little less often than we were! Wishing everyone a Happy and Safe 4th of July! We hope you enjoy celebrating the 250th Anniversary of the signing of the Declaration of Independence. I did recently mention to someone that I remember the 200th; not sure if that is a good thing to share!

If you've been in for dinner on a recent Friday you've heard about the Fishermen's Platter. It wasn't something we were planning to carry all the time; however, it is so popular that we offer it weekly now. Fish, scallops, shrimp, and a house made Fishcake. (Like a crab cake, only better!)

Remember we are **OPEN to the Public! Tell your friends!**

# Hunting on TSC Property

**All Hunting on TSC property is for members only. No guests are allowed to Hunt - Deer, Turkey, Rabbit, Goose, Duck, etc. You can Hunt anywhere on TSC property - marked in "RED" on the TSC map. For permission for a youth Hunter to join you, contact the Board of Directors. Exception: Pheasant hunting (during morning hunt hours on Saturday and Sunday only - if you are a guest of a "351" Member and have permission of the "351" coordinator). This is allowed due to the additional fees involved in Pheasant hunting and the ability to purchase an unlimited number of Birds.**

**Many of our maps are broken into "Zones" (for Pheasant hunting purposes).**

**Some old maps show a Zone #10 (right /East of the Zone #9 field which previously was leased) which is not TSC property. Hunting in Zone #10 is NOT allowed.**

**\*\* See latest map on TSC Website \*\***

**<https://tonsportsclub.com/club-procedures-range-rules-safety-notice/>  
Notes:**

- 1. Members are NOT allowed to use personal ATV's or Snow Mobiles on TSC property.**
- 2. You must sign up on the clip board mounted to the side of the building (in the parking lot) every time you enter TSC property to hunt.**
- 3. The "Old Railroad Tracks (Town path)" is Town property. You cannot have a loaded Gun on Town property. If you are going from our South side ditch to our North side ditch of the Town path (or vice versa), you must unload your Gun and it must remain unloaded until you exit Town property.**
- 4. Big Game hunting with a Rifle is NOT allowed on TSC property.**
- 5. If you have a Deer stand near our South ditch or North ditch (which has the Town Path between them), you can NOT shoot across the path.**
- 6. For opening week of Deer shotgun season, "351" will not release Birds or Hunt.**
- 7. For other weeks of Deer season: "351" will not release Pheasants in Zones 6+7 (North of the Town path) during Deer Bow and Shot Gun season (so minimal Pheasant Hunters will be in those fields throughout the Deer Bow and shotgun season thus leaving it more pleasurable to Deer Hunt in that area).**
- 8. You MUST be a Member of TSC AND the "351" Pheasant program to hunt Pheasants on our property.**

# THE TONAWANDAS SPORTSMEN'S CLUB, INC.

**Safety @ TSC**

*It is each members responsibility for shooting safely. If you see something, say something. If you're hunting, merely asking "safety on?" after someone shoots is good common sense.*

*Correcting a newcomer at any range will create safer surroundings for all. Be nice; we all were new to shooting sports at one time. Helping another shooter practice safe firearm procedures is win-win.*

*This is OUR Club; therefore, ALL members need to be aware of their surroundings; whether eating, shooting, or walking to your vehicle. If you're new to firearms, please ask for assistance, someone is always happy to help*

*Remember, there is no "ego" in safety. A smart shooter is always learning*

*We are all human and we will make mistakes; but if we watch out for each other, we can prevent mistakes from happening*

*Safety never sleeps*

**1. ALWAYS**  
keep the gun pointed in a safe direction.

**2. ALWAYS**  
keep your finger off the trigger until ready to shoot.

**3. ALWAYS**  
keep the gun unloaded until ready to use.

**When Using or Storing a Gun, Always Follow These NRA Rules:**

- Know your target and what is beyond.
- Be sure the gun is safe to operate.
- Wear eye and ear protection as appropriate.
- Store guns so they are not accessible to unauthorized persons.
- Know how to use the gun safely.
- Use only the correct ammunition for your gun.
- Never use alcohol or drugs before or while shooting.
- Be aware that certain types of guns and many shooting activities require additional safety precautions.
